Hello, my name is Amaliya.

Thank you for your letter. I want to tell you about my Motherland and its legends. My motherland is a small but very beautiful town. The main sight of it is a museum of crystal, so there are many different sorts of art, and one of them is a bouquet of wonderful glass flowers. That bouquet was made by father for his little sick daughter. Their family had no money to buy medicines, so father decided to make little present for her daughter from glass.

To be honest, I can't believe that this present helped. But what a wonder! After this present his daughter got well. So there are many legends, but only this story give me opportunity to realise that all of us don't endless and our lives too. And it depends only from us, if our life will be funny and full of adventures or not. I think, we should respect each other and even support in the hard time. And now I have some questions to you. Do you like legends? Do you have favourite legend? Do you want to read legends of my motherland?

See you soon.

With love, Amaliya.
